## CONSULAR COMMUNICATOR

November - December 2013 Volume 4

### Message from the Consul by Rob Romanowski

In the previous edition of our consular newsletter, we bid farewell to Ambassador Mark C. Storella and Deputy Chief of Mission Stephen M. Schwartz and wished them success in their onward assignments.

With their departure, we have been fortunate to welcome David J. Young as our Chargé d’Affaires until the nomination of our Ambassador-Designate, Eric Schultz, is confirmed by U.S. Congress. Once a new ambassador arrives in Zambia, Chargé Young will become our Deputy Chief of Mission.

If you have not already met Chargé Young, in this issue we’ll acquaint you with him. He has been enthusiastically touring Zambia, meeting people, and familiarizing himself with programs that the U.S. government supports

to help the Zambian people. The consular section also looks forward to an opportunity in the near future to host U.S. citizen residents so they can meet both Mr. Young and our incoming ambassador.

In the United States, November is a month when Americans, together as a nation, reflect on reasons we have to be thankful. On November 11, we will express our special gratitude to our veterans. At the U.S. Embassy we will hold a private ceremony to honor the men and women of the United States armed forces and everyone who has ever worn the uniform of our nation’s military.

We also extend our most profound respects to those who have fallen and have given their “last full measure of devotion” to our nation so that freedom’s heritage can be preserved. There are 22 million living Americans who have

served our nation in uniform during war and peace and nearly 700 veterans of World War II pass away every day. The loss of these men and women is immeasurable but they will not be forgotten.

We are also reminded to be thankful for our blessings and bounty on Thanksgiving, November 28. Although Thanksgiving can be a bit different overseas – our extended family are not with us, the turkey and cranberry sauce are absent, and there is no afternoon football game – there is always much for which we are thankful.

A French critic once said, “Some people are always grumbling because roses have thorns; I am thankful that thorns have roses.” We are thankful about what we do have, and in many parts of Zambia it is easy to see that that is still quite a lot. From the consular section, we wish you an enjoyable and memorable holiday season.

### **How will the Affordable Care Act (aka Obamacare) affect U.S. Citizens Abroad?**

The Affordable Care Act is an effort to reform the U.S. health care system to offer health insurance coverage to uninsured U.S. citizens and lower overall health care costs in the United States.

The Act establishes state-based exchanges, or marketplaces, where insurance policies can be compared and purchased. Another aspect of the Act, is that most U.S. citizens are now required, under the individual mandate provision, to purchase health insurance or incur a tax penalty.

U.S. citizens overseas are not required to purchase insurance coverage under the Act, and will not receive a tax penalty as a result of being uninsured. Also, to be eligible for coverage in the Health Insurance Marketplace (a federal-run listing of insurance plans in the United States), you have to reside in the U.S. For more information about the Act, please visit:

### FAQ's - U.S. Citizenship

**Is it true that anyone born in the United States is a U.S. citizen?** Yes, almost everyone born in the United States is a U.S. citizen regardless of the nationality or status of his/her parents. The only exception is for children of foreign diplomats who have full diplomatic immunity. Anyone else can apply for an American passport by presenting an original birth certificate showing birth in the United States and adequate identity documents. Please review our embassy checklist [here](#).

**Can I hold more than one passport or nationality?** Yes. In the 1980's, the U.S. Supreme Court ruled that citizenship is a constitutional right that cannot be taken away from a citizen who does not intend to relinquish it. Therefore, such actions as naturalization in a foreign country, employment with a foreign government, and/or voting in a foreign election do not automatically jeopardize U.S. citizenship. However, please note that all U.S. citizens, even dual nationals, must enter and depart the United States on U.S. passports.

The State Department [Advice about Possible Loss of U.S. Citizenship and Dual Nationality](#) has further details.

**We are Americans who live in Zambia. We just adopted a child and s/he is living with us here. How do we get him/her an American passport?**

Adoption by a U.S. citizen parent does not automatically confer citizenship, but it does qualify a child for expeditious naturalization, or citizenship upon entry to the U.S. [Read more ...](#)

### November is Adoption Month

November is adoption month in the United States. The U.S. Embassy maintains an adoption information sheet for those interested in adopting a child in Zambia. We can also provide details on the process for securing U.S. citizenship for your adopted child, which varies depending on whether you are resident here or in the United States. More broadly, we work with Zambian authorities to improve the transparency of the adoption process, and encourage the application of international standards for intercountry adoptions. Your first step is to get informed. For more information, visit [www.adoptions.state.gov](http://www.adoptions.state.gov) and select "Zambia."

Although our embassy relocated to Ibex Hill in 2011, visitors occasionally get dropped off by taxis at the old location. To this end, we have customized maps to allow travelers to find and get directions to key consular points of interest (immigration offices, police, health clinics, airport, etc). **RTSA’s Fast-track Court System**

The Road Transport and Safety Agency (RTSA) have launched fast-track courts to quickly handle traffic offenses, and convictions have already begun. Under the initiative, a person convicted of driving under the influence of alcohol would be required to surrender themselves to a prescribed prison every weekend until the full sentence was served. Imprisonment would be served during a number of consecutive weekends, and the offence would also be likely liable to a fine. The new policy is pursuant to Road Traffic Act No.11 of 2002, section 157-160. The pilot project initially applies to offences committed in Lusaka and may thereafter apply to offences throughout Zambia: <http://www.rda.org.zm/index.php/acts>

**Advisory for Driving in Zambia During the Rainy Season**

- Roads become slippery and pot holes form easily.

**We Want Your Skills in a Crisis**

We do not expect disaster, but it pays to be prepared. We have only to look to neighboring countries to see how seemingly small events lead to large demonstrations.

While we are fortunate that Zambia and its people are so peaceful, U.S. Embassies around the world have found it helpful to know about special skill sets and resources that exist in the American community. Maybe you were a firefighter, or undertaker, or structural engineer in a former life. Maybe you are a surgeon specializing in spinal injuries. Perhaps you have a satellite phone or operate a radio station or are able to decipher the legal system. Maybe you own a plane and could fly an evacuation mission, or have a dormitory with 20 beds that could serve as a safe haven. You might be surprised what skills and resources are useful in a crisis.

We appreciate all of you. If you would like to volunteer please email us at [ACSLusaka@state.gov](mailto:ACSLusaka@state.gov). This is certainly not required, but it is one more way you can make a positive difference to your fellow citizens in Zambia.
